

CMP Capital Management-Partners GmbH closes fund at €250 million hard cap

27th April 2016

CMP Capital Management Partners GmbH (“CMP” or the “Firm”) is pleased to announce that on 22nd April 2016 it held a first and final close on CMP German Opportunity Fund III (“CMP GOF III” or the “Fund”) at the €250 million hard cap.

The Fund will continue the successful strategy followed by CMP German Opportunity Fund II (“CMP GOF II”) and CMP Fonds I GmbH (“CMP I”) and will target equity and equity-related investments in Mittelstand companies in special or distressed situations in German-speaking Europe (Germany, Austria and Switzerland). The Fund will focus on mature companies with liquidity, operational or balance sheet problems but which have sound core business fundamentals.

The capital for the Fund was raised from a diversified group of leading investors in Europe, North America and Asia. In particular, the Fund attracted a high level of support from North America which accounted for 40% of the capital raised as well as receiving strong local support with German investors accounting for a further 20% of the capital raised.

Kai Brandes and Ludger Vonnahme, Managing Partners at CMP commented, “We are delighted to have closed our third fund and to have received such a strong response from our investors. We were privileged to receive both a high level of support from our existing investors whilst also being able to welcome a select number of new, high-quality institutional investors. CMP has a successful track record of its investment professionals assuming the executive responsibilities of portfolio companies to drive the turnaround from within and we look forward to continuing this successful investment strategy with CMP GOF III. We feel that the high level of interest and the oversubscribed fundraise is an endorsement of our investment strategy that we have been executing since inception and we will strive to continue delivering superior returns for our investors”.

Campbell Lutyens & Co. Ltd acted as exclusive global placement agent for the offering. P+P Pöllath + Partners acted as German legal advisers.

About CMP Capital Management Partners GmbH:

Established in 2000, CMP is one of the first private equity firms in Germany investing in Mittelstand companies in special or distressed situations in German-speaking Europe. CMP’s professionals typically assume executive management positions within the portfolio companies to ensure that the turnaround is conducted successfully.
